The 24th International Conference FG 2024, organized by the University of Latvia, will be held on August 11, 2024, in the vibrant city of Riga, Latvia. This prestigious event brings together leading researchers, scientists, and industry professionals in the fields of advanced manufacturing, smart materials, green technologies, and sustainable development.

Key Dates

- Abstract submission deadline: March 15, 2024
- Full paper submission deadline: April 15, 2024
- Notification of acceptance: May 15, 2024
- Final paper submission deadline: June 15, 2024

- Conference date: August 11, 2024

Location

The conference will be held at the University of Latvia, located in the heart of Riga, Latvia. The city offers a rich blend of historical charm and modern amenities, making it an ideal destination for both conference attendees and leisure travelers.

Themes

The conference will focus on four key themes:

1. **Advanced Manufacturing:** This track will explore the latest advancements in manufacturing technologies, including additive manufacturing, automation, and robotics.
2. **Smart Materials:** This track will showcase cutting-edge research in the development of smart materials with unique properties, such as self-healing, shape-memory, and energy harvesting.
3. **Green Technologies:** This track will address critical issues related to environmental sustainability, including renewable energy sources, pollution control, and waste management.
4. **Sustainable Development:** This track will emphasize the role of technology and innovation in promoting sustainable development, balancing economic growth with social equity and environmental protection.

Benefits of Attending

There are numerous benefits to attending the 24th International Conference FG 2024, including:

- Stay up-to-date on the latest advancements in advanced manufacturing, smart materials, green technologies, and sustainable development.
- Network with leading researchers, scientists, and industry professionals from around the world.
- Gain valuable insights into emerging trends and best practices.
- Showcase your research and contribute to the advancement of knowledge.
- Experience the vibrant city of Riga, Latvia.

Proceedings

The conference proceedings will be published by Springer in the prestigious series Lecture Notes in Mechanical Engineering. All accepted papers will undergo a rigorous peer-review process to ensure the highest quality of research.

The 24th International Conference FG 2024 promises to be an unforgettable event for participants from academia, industry, and government. With its focus on cutting-edge research, networking opportunities, and exploration of sustainability issues, this conference is a must-attend for anyone interested in advancing the frontiers of engineering and technology.

For more information and to register for the conference, please visit the official website at www.fg2024.org.
