The desert is a harsh and unforgiving environment, but it is also a place of great beauty. The wind-swept sands, the towering dunes, and the sparse vegetation create a landscape that is both awe-inspiring and surreal. Fractal Flames Desert Driftwood captures the essence of this unique environment, revealing the hidden beauty that lies within.

## The Art of Fractals

Fractals are mathematical objects that exhibit self-similarity on all scales. This means that they look the same whether you zoom in or out. Fractals

are found in nature everywhere, from the branching of trees to the coastline of a continent.

Fractal art is a type of art that uses fractals to create images. Fractal art can be created using a variety of techniques, including computer programs and mathematical formulas. Fractal Flames Desert Driftwood was created using a computer program called Fractal Explorer.
