Keegan's maps are not just static images. They are dynamic representations of the ever-changing nature of war. They show how the landscape has shaped the course of battle, and how the technology of war has evolved over time. They also reveal the human cost of war, from the slaughter of civilians to the psychological scars of soldiers.

Maps of War is a stunning visual history of conflict. It is also a thought-provoking exploration of the human experience of war. Keegan's maps help

us to understand the causes of war, the strategies of the combatants, and the consequences of war for both the victors and the vanquished.
