Have you ever stopped to think about who plants trees?

Most of the time, we don't give it much thought. We just enjoy the shade they provide on a hot day, or the beauty of their leaves changing color in the fall. But someone has to plant those trees, and it's usually not the people who benefit from them the most.

In the book *Who Will Plant Tree?*, author and illustrator Jen Green explores the importance of trees and the role we all can play in planting them. The book follows a young boy named Tommy as he learns about the benefits of trees and how to plant them. Along the way, he meets a variety of people who help him plant trees, including a park ranger, a farmer, and a teacher.

Green's illustrations are simple and charming, and they perfectly capture the beauty of trees and the joy of planting them. The book is also full of interesting facts about trees, such as how they clean the air and provide

homes for animals. *Who Will Plant Tree?* is a great way to teach children about the environment and the importance of taking care of our planet.

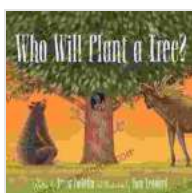

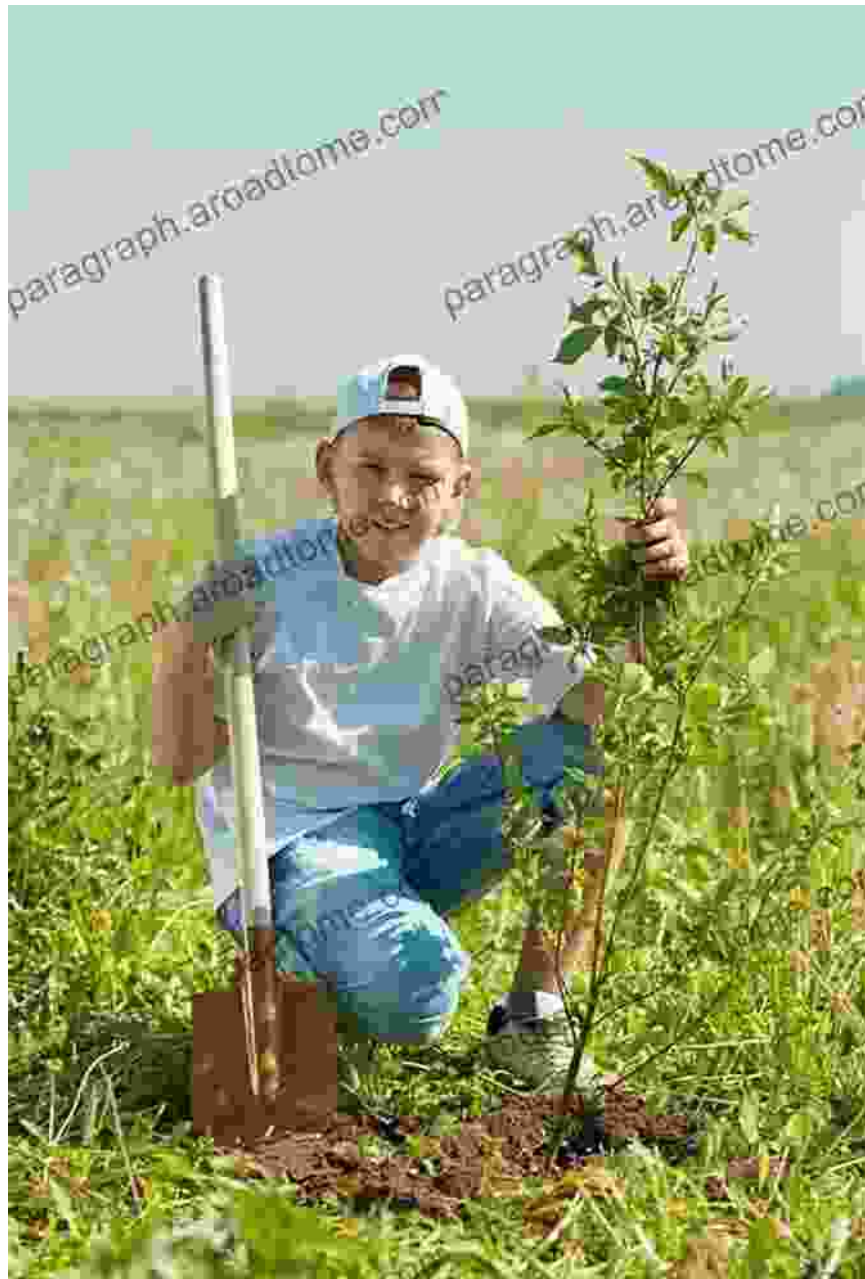

What others are saying about *Who Will Plant Tree?*

"*Who Will Plant Tree?* is a beautiful and inspiring story about the importance of trees and the role we all can play in planting them.
